

Join Limitless Horizons Ixil in Guatemala in April 2026 and experience our work firsthand!

Limitless Horizons Ixil (LHI) is excited to invite you to visit the remote Maya Ixil village of Chajul, where we have worked since 2004.

Our 2026 Community Engagement Trip from April 19-27 will be an unforgettable experience that **combines learning, service, and exploration** and offers a unique opportunity to learn about Maya Ixil culture, history, and daily life.

Please note: Our April trip will be a smaller, more intimate group (10–15 participants) and will take place during the Guatemalan school year, with opportunities to see students and teachers in action—ideal for first-time visitors. If you would like to join us for a larger (20+ participants), more celebratory trip, consider joining us on [our high school graduation trip in November](#).

“A once in a lifetime experience that could only be provided by an organization like LHI which is professional, entrusted, entrenched, and respected in the community.”

“I gained a new perspective on the generosity and strength of the human spirit.... This entire journey is a beautiful testimony to hope, forgiveness, and resilience.”

Accommodations & Meals*

***Please note that our trip cost is based on double occupancy rooms throughout your stay.**

- Chajul: accommodations are basic but hygienic and comfortable (note: hot water and electricity can be limited).
- Antigua and Lake Atitlán: accommodations are comfortable and tastefully decorated. Hot water is more reliable.
- While in Chajul, Limitless Horizons Ixil cooks prepare breakfast. Lunch is either served at our school or by local families in their homes. Dinner will be catered by a local restaurant. Families and cooks have gone through extensive hygiene training to safely serve meals to our participants.
- Our visitors only drink bottled or filtered water.
- Travelers are encouraged to bring snacks (e.g. granola bars, trail mix, dark chocolate) or any specialty foods to supplement and add variety to their meals.
- Travelers should plan to bring a water bottle to refill with filtered or bottled water.
- *Any dietary needs can be accommodated and must be communicated to our staff upon registration.*

Activity Level & Weather

- Elevation levels range from 5,000-7,000 feet and most locations are somewhat hilly with some unpaved roads. Walking for 20 minutes at a time may be part of the day's schedule, and sturdy walking shoes are recommended. Open air [tuk tuks](#) are readily available for anyone who isn't comfortable walking longer distances.
- In April, temperatures in all locations we'll be visiting range from 45-60°F at night to 75-85°F during the day with ~65% humidity and tends to be sunny with rare afternoon and evening rain showers.
- There will not be indoor heating or cooling available throughout the trip so guests are encouraged to pack according to the temperatures mentioned above to ensure their comfort throughout the trip.

Safety

- Our staff members have led service trips for the past 20+ years and have extensive training in risk management and emergency response. We have comprehensive emergency action plans which ensure the safety of our groups, and which ensure we can obtain medical care at any point during your stay if necessary.
- Limitless Horizons Ixil is not responsible for lost or stolen goods. At orientation, we will provide suggestions on how to prevent theft. *Participants are advised not to bring valuables.*

Health, Immunizations, & Travel Insurance

- LHI requires you to have health insurance that will cover emergencies and health care when in Guatemala.
- If you do not currently have coverage when traveling internationally, you can purchase travel insurance and emergency evacuation coverage through [Seven Corners](#) or [World Nomads](#) for the duration of the trip.
- LHI recommends that participants have been immunized against **tetanus, diphtheria, hepatitis B** (all standard travel vaccines), and **COVID-19**.
- Additionally, we strongly advise that participants get vaccines specific to this area: **hepatitis A** (two-shot series, good for 20 years) and a **typhoid shot** (good for two years).
- The Centers for Disease Control reports that there is no malaria in any of the areas on the trip's itinerary.
- If you are concerned about digestive sickness, you can get a prescription of antibiotics from your physician; be sure to have 4 to 10 days worth of medication.
- Be sure to bring any prescription medications you need for the duration of the trip.
